

January 16th 2018.

Dear Parents,

ATTN: ADJUSTMENT OF MFDA SKIRTS & THE ACQUISITION OF WAIST BELTS.
ROYAL ACADEMY OF DANCE REGULATIONS.

We trust the holidays were both jolly and restful.

It has been brought to our attention by our new dance instructor, Ms. Libby Nicoll that in order to successfully perform some of the exercises prescribed by the RAD syllabus, all student skirts must be hemmed **TWO INCHES ABOVE THE KNEE.**

It has also been brought to our attention that many of our students are not in the provided waist belts that accompany the leotards.

All students must wear their uniform waist belt for their grade; or purchase one for **GHC 10.00** from the front office.

Skirt lengths will be inspected by the class teacher during their next class. Please find on the second page an image of what the ideal skirt length should look like.

Thank you as always for your understanding and working with us in order to bring MFDA up to the Royal Academy standards.

Kind Regards,
