Dear Parents,
Reference: Year End Letter

PIPPA'S
Health Centre Limited

The Fitness Professionals

As we conclude another enjoyable term, it is important to reflect on the commendable achievements that our students have made under the guidance and instruction of Master Jeff. Term 3 has been a time of immense growth and learning for all of us.

Throughout this term, our exceptionally talented students have demonstrated unwavering dedication in their pursuit of success. Their hard work and commitment resulted in well-deserved belt advancements after their Term 3 exams.

Once again, we extend our heartfelt congratulations to each student who participated in the TKD exams.

We also want to express our deepest appreciation to the supportive parents who have played an integral role on their children's journey. Your support, encouragement, and sacrifices have been instrumental in our collective accomplishments.

A special acknowledgment goes to Master Jeff, whose guidance and mentorship has been a beacon of inspiration for our students. Master Jeff's dedication to nurturing their potential and helping them reach new heights is truly commendable.

Finally, we would like to wish all our parents and students a wonderful and well-deserved extended vacation. May the upcoming holidays be filled with joy, relaxation, and enough exercise to keep our students fit and limber upon their return in September.

Happy Holidays and Best Wishes,

Pippa and The TKD Team
